Our accomplished and gentle staff are here to provide you with the highest standard of care in family, cosmetic, and preventative dentistry. Our team consists of five dentists along with several supporting staff, who all work together to ensure that you receive the best dental care and treatment.

## Your First Visit

After finding out about your medical history and lifestyle, we will complete a thorough examination with the latest diagnostic technology. We know that everybody's oral health is different. We aim to provide you with personalised, comprehensive dental options and the right knowledge necessary to make informed decisions regarding treatment for a long-lasting and healthy smile.

- ***At your first appointment, please bring your completed medical history form.***
- ***If you have extras dental health cover, please bring your health fund card to each appointment as we can process **HICAPS onsite**. This allows you to only pay the gap between our fees and your health fund rebates. We accept **Amex, Mastercard, Visa card, Afterpay, cash and personal cheques**.***
- ***Veteran's affairs, CDBS Medicare for children and Metro Hospital vouchers also accepted.***

## Education & Care

We place a great emphasis on preventative care and believe that with the proper encouragement and guidance from our Australian-trained dentists, you can find the right solutions to achieve great oral health.

Our dentists will give you the advice they would give to their family and friends. They will show you digital photos both inside and outside the mouth and explain the x-rays on our LCD monitors. Every treatment choice you make in regards to your dental health will be supported by our dentists.

## Emergency Care

We understand that unexpected and painful dental emergencies can arise at any time. We have allocated daily appointment times to see all our emergency patients promptly to help alleviate pain. Be sure to ring promptly at 8am if you require one of these emergency appointments.
